

# 2015 SKC

SHARED KNOWLEDGE CONFERENCE  
Featuring the 60th Annual Faculty Research Lecture

## WOMEN IN STEM PANEL

Have you ever wanted to ask your instructor how they got to where they are at UNM? Or what types of research they did as an undergraduate like you? What is it like being a female scientist in predominantly male-dominated fields?

This session is an opportunity to hear from prominent UNM community members about their experiences and pathways. Come here their stories and their advice for you!

**No advanced registration required!**

*Brought to you in part by UNM STEM Collaborative Center, funded through a U.S. Department of Education Title V grant through 2019 (total anticipated funding \$2.6 million).*

PRESENTED BY:

**DR. LAURA CROSSEY**  
PROFESSOR AND CHAIR: EARTH  
AND PLANETARY SCIENCES, UNM
